# DR. DARLINGTON REPORTS GUARD HEALTH IS SAFE

Sends Back Word From Border That Militiamen Are Protected.

SEES THOUSANDS AT FORT SAM HOUSTON

Great Praise for Work of Medical Corps After Red Tape Was Cut.

SAN ANTONIO, Tex., July 17 .-- If the hension may be put lightly aside now ... Stream.

pidity can daunt or discourage.

No thanks whatever are due to the Administration at Washington, which Officers of the coast guard cutter Tampa, recently in from seven months nmendations until a few weeks ago duty not been for the splendid fact that the regular army doctors foresaw years ago only the situation with which they now confronted and made ready for n spite of official rebuffs and par-ony, and were poised for action the instant the Government threw itself mercy, the situation would

special investigator for the National Civic Federation, step by step as he questioned Gen. Frederick Funston, the border commander; Lieut.-Col. E. L. Munson, chief sanitary officer of Gen. Funston's staff; Col. Ireland, superintendent of the great base hospital here, and he scruttnized every detail of the food situation and sanitation situation in the camp of 14,000 militiamen at Fort Sam Houston.

with Dr. Darlington was so comeverything of health preservation s for the Civic Federation to-night a his first, which will say that the country need feel no alarm whatever about the health of the militia troops.

### Food Sanitation.

Darlington's report and this suronly with the matters of food saniand medical preparedness. It is by apparent that there has been ordinary blundering and amazing hottest kind of weather; was civilian incompetency which It was civilian incompetency which failed to provide any of the militia cotton shirts, with suf-

sequent comment.
There can be no valid criticism of the medical and sanitary plans or work and very little indeed of the food. Where Dr. Darlington began his work to-day. br. Darlington began his work to-day, at Fort Sam Houston, the famous post three miles north of this city, he found perfect courtesy and frankness waiting his inquiry. From Gen. Funston down the line to the kid Lieutenants of the Medical Corps, there was a disposition to open every door to appear without the line to the same way thous the same way though wounded. the line to the kid Diedeta disposition Medical Corps, there was a disposition to open every door, to answer without evasion every pointed question.

### Nothing to Conceal.

water in the channel.

While shelling oysters Allan Flower been said, there are 14,000 troops here encamped for seasoning and intensive training. It was an excellent place for Darlington to begin his inquiry. The problems here are the problems at Brownsville, Eagle Pass, Laredo and Del Rio.

Water in the channel.

While shelling oysters Allan Flower noticed a commotion in the water out toward the deepest part of the channel, a hundred yards from his boat. Then he saw the long gray form of a big shark lastly coming toward the surface.

The dorsal fin was entirely out of the water as the monster came to the top There was absolutely nothing to con-

them all. "Come along, Darlington," be laughed. "People have an idea, anyway, that it is our gay little brothers in the strillery, cavairy and infantry who do say work, and that we simply fatten on the bay and that we simply fatten on the source of the bay.

Butler Flower brought back an old shotgun and a handful of shells left over from the duck hunting season. The

irst Illinois Infantry, a command which regarded in Chicago as up to the landard of the Seventh Regiment of They then came upon another big New York. He pointed out the latrines, fertile sources of disease if slackly run.

ally perfect from the point of view of The ground on which this camp is ald out is like flint," said Munson. "It stampervious to seepage. The drainage of roblem of ridding the camp of slops from of Capt. Charles Godfrey's small power

about eight feet long appeared at the bow of Capt. Charles Godfrey's small power boat off Shippan Point here yesterday and frightened the occupants badly. Capt Godfrey tried to shoot the shark with stone. Here refuse was burned, the stones. Nowhere were not fuse water was evaporated by the heat the stones. Nowhere were not fuse water allowed the camp of slope from the first first the stones. Nowhere were not fuse water allowed the camp of the first fir of the stones. # **AGAIN BARS RED CROSS**

Great Britain Refuses Americans' Plea to Let Aid Through to Teutons.

WASHINGTON, July 17 .- Great Britain again has refused a plea of the Amerian Red Cross for permission to make onditional shipments of Red Cross sur lies to Germany and Austria.

Foreign Secreatary Grey, in a note dated July 12 and made public here to-night reiterates that the Allied lockade against such shipments is it accordance with the Geneva convention, and declares there is no evidence that the supplies are needed in the Teutonic nations

"His Majesty's Government have no reason to believe that there is an absolute lack in the territory of the Central ber of new cases and deaths in the last statutory list, which is better known as wrote that there was no shortage and no prospect of shortage in medicines or bandages, or even in highly special med-ical remedies.

"In these circumstances it is eviden them further supplies would conduce, not to the increased welfare of the sick and wounded, but merely to set free larger quantities of such materials for

"His Majesty's Government does therefore, feel able to create such an en-tirely new precedent as would be constituted by the supervisory commission suggested by the American Red Cross.
